EDUCATION

BA Information Technology
York University

10/2019

Courses Include:
- Object-Oriented Programming
- Intro to Analytical Programming
- Intro to Data Structures
- Intro to Sets and Logic
- Systems Architecture
- System Administration
- Applied Data Communications & Networks
- Systems Analysis & Design
- Web Technologies
- Using and Designing Database Systems

CONFERENCES & COURSES

FullStack Web Development with React (07/2019 – Present)
Coursera
- Bootstrap 4, ReactJS, React Native, NodeJS
- Peer-to-peer code review.

PROJECTS

Network Chess Game (11/2018 – 06/2019)
- A network chess game using Core Java and OOP principles to demonstrate Encapsulation, Inheritance, Polymorphism and Concurrency and Multi-tasking over a client/server architecture.

WORK EXPERIENCE

Barback
Real Sports Bar and Grill

07/2011 – Present
Food and Beverage
Achievements/Tasks
- Experienced in a high stress team environment with tight deadlines.
- Liaised between 3 departments to deliver timely results ensuring meaningful client service.
- Demonstrated ability to adapt to work demands through picking up shifts and working overtime.
- Demonstrated exceptional communication and interpersonal skills and customer service excellence.
- Ability to excel in a fast-paced and high demanding work environment with minimal supervision.
- Troubleshoot and prioritized problem tasks based on urgency and specific needs of team-lead.

SKILLS

Core Java   PhP   JavaScript   HTML5   CSS   Bootstrap4   React   React Native   jQuery   Node.js   Matlab   SQL   JSON   Unix/linux   Git   Java Eclipse   Vim   UI Design

TECHNICAL SKILLS

Computer Programming
Writing, Debugging, Documenting and Logging maintainable computer code.

Enterprise Development
Core Java, SQL, Php, Command-Line programming.

Full-stack Web Development
Bootstrap4, ReactJS, React Native, Node.js.

Database Administration
Sql, MySql, Oracle DB.

Systems Analysis and Design
Requirements Elicitation, UML Modelling, Unit Testing for Object-Oriented Design, Information Technology Project Development.

SOFT SKILLS

Strong Verbal and Written Communication   Teamwork   Adaptability   Time Management   Critical Thinking   Conflict Resolution

ORGANIZATIONS

Member – Health & Safety Committee – Real Sports Bar (08/2016 – Present)
Collaborated with members from different departments in ensuring Occupational Workplace Health and Safety compliance.

PERSONAL ACHIEVEMENTS

Read 1 book every 3 weeks (2017 – Present)
I have made an on-going commitment for the last two years to read a book every three weeks and have achieved this to date.
